Hello, everyone.

Attached please find the draft letter from John Lyons to DTSC requesting that the State take on primary regulatory oversight responsibility for Area 40 (new OU10). Comments from the 8 December EPA, DTSC, RWQCB, and Aerojet meeting have been incorporated into the letter. At your earliest convenience, please review the letter and send any track changes comments back to me. I'll compile all comments and route the letter to John Lyons for signature. If possible, please send back comments or a note that you have no additional comments by 6 January 2016.

Thank you and happy holidays!
Lynn
